Pre-cut solid countertops with integrated backstop strip.  
Sized to kitchen layout.  
Includes installation kit.

1/2" Corian  
1/2" LG solid surface  
1/2" Paperstone  
3/4" Paperstone

### Islands

Fixed Elevated Island Unit

Multiple island configurations can be produced using standard Viola Park components. Your coordinator will help you with this.

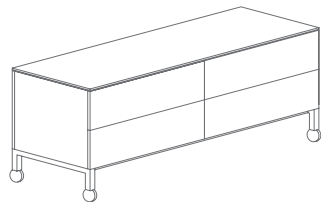

In addition, in Fall of 2010, we are offering an elevated island, which can be either stationary or mobile. The island consists of:

- A steel base, including wheels if selected
- Up to 3 storage units
- A subcounter trim kit
- Countertop

No additional panels are required.

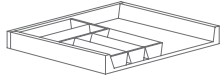

Flat Front Doors: pigmented lacquer, walnut or rift cut oak, VGC bamboo, chestnut strand bamboo (for base and wall units only)

Frame & Panel Doors: pigmented lacquer, walnut or rift cut oak - with solid or glass panels

Mobile Elevated Island Unit

## Drawer Inserts

Utensil tray

### Utensil Tray and Dividing System

Organizational accessories are designed to fit precisely within drawers. These accessories can be ordered individually based on your needs.

The drawer components are made of stainless steel with plastic fittings

Dividing system

### Rail Unit Organizer

The rail unit can be adjusted to accommodate a range of storage requirements.

Rail unit organizer

### Plate Organizers

Organizational accessories like these removable plate holders are designed to optimize storage. They are expandable so they can fit bowls to large dinner plates.

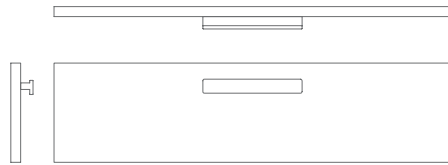

Plate organizer

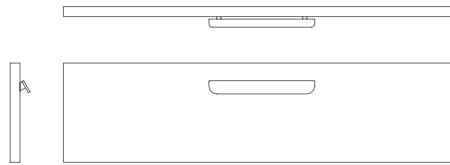

## Pull Options

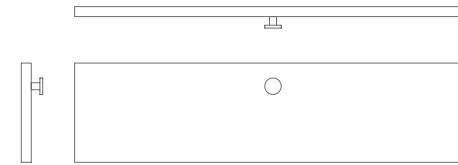

Viola Park Pulls are precision machined from solid aluminum. They have a clear anodized finish that hardens the aluminum, protecting them from scratching and wear, and maintaining the pull's luster.
